Login - Email Missing

1 Fix
Type your email in the Email field.

The image shows a mobile app login screen for 'SafeDose'. At the top, there is a yellow instruction box with a black border containing the text '1 Fix' and 'Type your email in the Email field.' Below this, the app's logo 'SafeDose' is displayed. A black arrow points from the logo down to the 'Email' input field, which is currently empty. Below the email field is a password field containing 'SafeDose2024'. There is a 'Remember Me!' checkbox and a 'Forgot Password?' link. A blue 'Log In' button is positioned below the password field. Below the button is a horizontal line with the word 'or' in the center. Underneath is a 'Sign in with Google' button. At the bottom, there is a link that says 'Don't have an account? Sign Up'.

2 Correct
Tap Log In to enter the app.

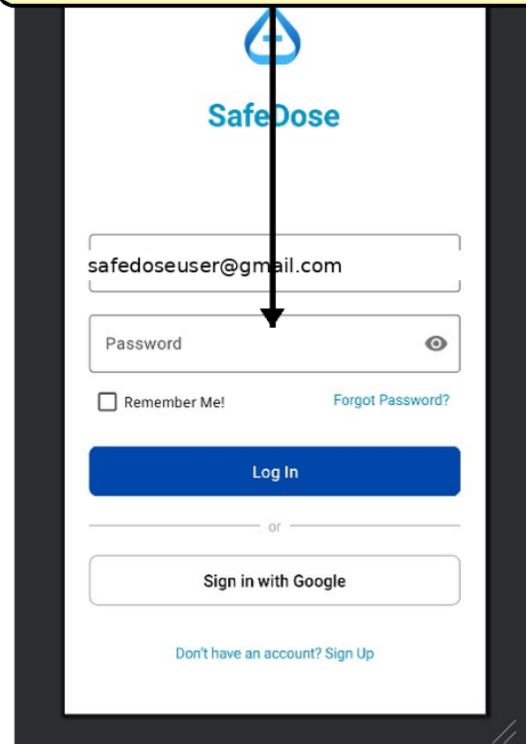

The image shows the same 'SafeDose' login screen as the previous one, but with a green instruction box at the top containing the text '2 Correct' and 'Tap Log In to enter the app.' A black arrow points from the top of the screen down to the blue 'Log In' button. The email field now contains the text 'safedoseuser@gmail.com'.

Login - Password Missing

1 Fix

Type your password in the Password field.

The image shows a mobile app login screen for 'SafeDose'. At the top, there is a yellow instruction box with the text '1 Fix' and 'Type your password in the Password field.' An arrow points from this box to the password input field. The login form includes a blue 'SafeDose' logo at the top, a text input field containing 'safedoseuser@gmail.com', a password input field with a toggle icon, a 'Remember Me!' checkbox, a 'Forgot Password?' link, a blue 'Log In' button, an 'or' separator, a 'Sign in with Google' button, and a 'Don't have an account? Sign Up' link at the bottom.

2 Correct

Tap Log In to enter the app.

The image shows the same mobile app login screen for 'SafeDose', but with a green instruction box at the top. The text in the box is '2 Correct' and 'Tap Log In to enter the app.' An arrow points from this box to the blue 'Log In' button. The rest of the form, including the email 'safedoseuser@gmail.com' and the 'Sign in with Google' button, remains the same as in the previous state.

Login - Incorrect Password

1 Fix
Re-enter the correct password.

The image shows a mobile app login screen for 'SafeDose'. At the top, there is a yellow instruction box with a black border containing the text '1 Fix' and 'Re-enter the correct password.' Below this, the app's logo (a blue circle with a white cross) and the name 'SafeDose' are centered. The login form consists of two text input fields: the first contains the email 'safedoseuser@gmail.com' and the second contains the password 'SafeDose2025'. Below the password field, there is a checkbox labeled 'Remember Me!' and a link 'Forgot Password?'. A blue 'Log In' button is positioned below the form. Underneath the button is a horizontal line with the word 'or' in the center, followed by a 'Sign in with Google' button. At the bottom, there is a link 'Don't have an account? Sign Up'. A black arrow points from the 'Fix' instruction box down to the password input field.

2 Correct
Tap Log In to enter the app.

The image shows the same mobile app login screen for 'SafeDose' as the previous one, but with a green instruction box at the top containing the text '2 Correct' and 'Tap Log In to enter the app.' The password in the second input field has been changed to 'SafeDose2024'. A black arrow points from the 'Correct' instruction box down to the 'Log In' button.

Login - Sign in with Google

1 Fix

Use Google sign-in if you registered with Gmail.

The image shows a mobile app login screen. At the top, there is a yellow header box with the text "1 Fix" and "Use Google sign-in if you registered with Gmail." Below this, the app's logo "SafeDose" is displayed. The login form contains an email field with "safedoseuser@gmail.com", a password field with "Password" and a toggle icon, a "Remember Me!" checkbox, and a "Forgot Password?" link. A blue "Log In" button is present. Below the login form is a "Sign in with Google" button. At the bottom, there is a link "Don't have an account? Sign Up". A black arrow points from the "Sign in with Google" button to the "Log In" button.

2 Correct

Or log in with email and password.

The image shows the same mobile app login screen as in the first image, but with a green header box at the top containing the text "2 Correct" and "Or log in with email and password." The form fields are now filled: the email field has "safedoseuser@gmail.com" and the password field has "SafeDose2024". The "Log In" button is still blue. The "Sign in with Google" button is still present. The "Don't have an account? Sign Up" link is at the bottom. A black arrow points from the "Sign in with Google" button to the "Log In" button.

Sign-Up - Name Missing

1 Fix

Enter your name in the Name field.

The image shows a mobile app interface for creating a new account. At the top, there is a yellow instruction box with the text "1 Fix" and "Enter your name in the Name field." Below this, the app's logo "SafeDose" is displayed, followed by the text "Create New Account". The form contains four input fields: "Name", "safedoseuser@gmail.com", "SafeDose2024", and "SafeDose2024". A blue "Sign Up" button is positioned below the password fields. Below the button is a horizontal line with the word "or" in the center, followed by a "Sign up with Google" button. At the bottom, there is a link that says "Already have an account? Log In". A black arrow points from the instruction box to the "Name" input field.

2 Correct

Tap Sign Up to create the account.

The image shows the same mobile app interface as the previous one, but with a green instruction box at the top. The text in the box is "2 Correct" and "Tap Sign Up to create the account." The form fields are now filled: "Name" contains "Betul", "Email" contains "safedoseuser@gmail.com", and both password fields contain "SafeDose2024". A black arrow points from the instruction box to the blue "Sign Up" button.

Sign-Up - Invalid Email

1 Fix

Email must include @ and .com.

The screenshot shows the 'SafeDose' app's 'Create New Account' screen. The email field contains 'safedoseusergmail.com', which is invalid because it lacks an '@' symbol and a '.com' domain. A yellow callout box at the top left, labeled '1 Fix', points to the email field with the text 'Email must include @ and .com.' The form includes fields for first name (Betul), password (SafeDose2024), and confirm password (SafeDose2024), a 'Sign Up' button, a 'Sign up with Google' button, and a 'Log In' link for existing users.

2 Correct

Tap Sign Up to create the account.

The screenshot shows the 'SafeDose' app's 'Create New Account' screen with the email field corrected to 'safedoseuser@gmail.com'. A green callout box at the top left, labeled '2 Correct', points to the 'Sign Up' button with the text 'Tap Sign Up to create the account.' The rest of the form, including the name, password, and login options, remains the same as in the first screenshot.

Sign-Up - Passwords Do Not Match

1 Fix

Make both password fields the same.

The screenshot shows the 'SafeDose' app's 'Create New Account' screen. The form contains the following fields: Name (Betul), Email (safedoseuser@gmail.com), Password 1 (SafeDose2024), and Password 2 (SafeDose2025). A black arrow points from the '1 Fix' instruction box to the Password 2 field, indicating the mismatch. Below the fields is a blue 'Sign Up' button. At the bottom, there is a 'Sign up with Google' button and a link 'Already have an account? Log In'.

2 Correct

Tap Sign Up to create the account.

The screenshot shows the same 'SafeDose' app 'Create New Account' screen. In this state, both password fields contain 'SafeDose2024'. A black arrow points from the '2 Correct' instruction box to the 'Sign Up' button, indicating that the user should tap it to complete the account creation. The rest of the form and UI elements are identical to the previous state.

Sign-Up - Weak Password

1 Fix

Use a stronger password (letters + numbers).

The image shows a mobile app interface for 'SafeDose' with the title 'Create New Account'. It features four input fields: a name field with 'Betul', an email field with 'safedoseuser@gmail.com', a password field with '1234', and a confirmation field with '1234'. A blue 'Sign Up' button is below the fields. Below the button is a horizontal line with 'or' in the center, followed by a 'Sign up with Google' button. At the bottom, there is a link that says 'Already have an account? Log In'. A yellow callout box at the top left contains the text '1 Fix Use a stronger password (letters + numbers)'. A black arrow points from this box to the password input field.

2 Correct

Tap Sign Up to create the account.

The image shows the same 'SafeDose' app interface as the first one, but with a stronger password. The password field now contains 'SafeDose2024' and the confirmation field also contains 'SafeDose2024'. A green callout box at the top left contains the text '2 Correct Tap Sign Up to create the account.'. A black arrow points from this box to the blue 'Sign Up' button.
